We pause mid the wonders of Life
And the magic of Science
To bring forth on these pages
The golden moments of time
Just past.

It is our wish to walk again
The paths of achievement, fun,
Beauty and skill;
To swim in the blue waters and
Enjoy the summer sun.
We set them all before
You—

Come walk with us!

A bee's honey and its sting!*

IN MEMORIAM

Often words can not express the true emotions of love, friendship, joy or sorrow; but through actions our thoughts are conveyed. We, the senior class of 1969, have dedicated this page in memory of Judy Barnett, a classmate who is no more a part of our present existence but no less a part of our thoughts. When Judy's life was abruptly ended in an automobile accident, words were impossible to relate the sorrow experienced by family, friends, and classmates. Even now words are difficult so we offer this one page as a memorial to Judy and a symbol of the emotions we can not otherwise express.

Dear Students and Teachers of Southwood

On this occasion, I want to thank you all for everything you have done for me. You cannot imagine, how much I enjoyed this stay in the U.S.A. This year was one of the most wonderful in my life. It makes me happy to know that I can count each one of you as my personal friend.

Love

Sabine Burmeister

Exchange

Dear Friends at Southwood

I come from Horsens, Denmark, and during my year here I am staying with the Robert Gillespie family. I could go in detail and tell of all the great experiences, I have had, but I will limit myself to simply thanking everyone for the help and understanding you have shown. This year has been one of the most important years for me, but I hope that it has not been all taking and no giving.

Thanks

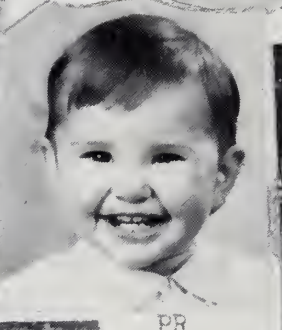

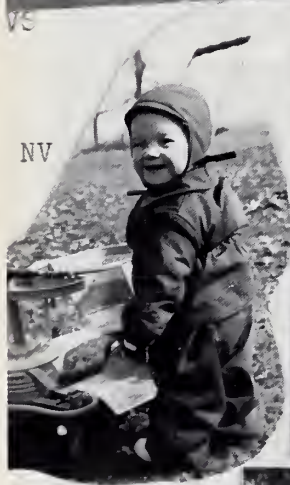

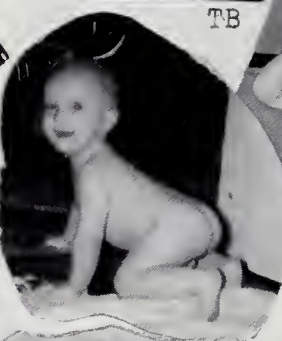

Joergen Staermose
